Kevin,

To 4/10 sweetest guy I ever liked

Hope you come up to the pool and talk  
this summer if you don't all just

Don't change and take care of that

### TO THE SENIORS

A high school today has two tasks: to impart to its students the ability to communicate and be communicated with, and to introduce students to the techniques by which learning is achieved. If the school succeeds in these tasks, its graduates have the equipment for further learning. The degree of success which the individual has in achieving these two goals depends largely on the attitude he brings with him and his perseverance toward his objectives.

Minister Cheever<sup>1</sup> would have been happier in an earlier century, but he consciously missed that happiness is not the goal of life. He knows he is in the out group and turns with a guilty awareness that it is childish to feel left out.

Don't be left out in the business of life. You are important. If a place does not seem to be available, make one. You are a free person and freedom to a strong person is an invitation to accomplishment; to the weak, it is an enticement to idleness.

Hope each of you will strive for excellence — to be the uniquely competent person you can be. Uniqueness is not the goal. Being different for the sake of being different is foolish. How much more pleasant it would be if fewer people sought uniqueness in novelty and not strive to be uniquely competent in their professions.

My best wishes go with you.

# Athletic Director

## Fred Baker

According to the county guideline, the Athletic Director is the executive officer and the resource person for his or her individual school in the area of athletics. He attempts to build an athletic program based on sound educational objectives. Besides following this policy, Mr. Baker's duties include scheduling games, scheduling transportation, budgeting, attending meetings, maintaining facilities, making sure fields are lined and clocks are properly working, taking care of the payment of officials, following up on the ordering of new team uniforms, as well as attending all home games.

Mr. Baker feels that the combined cooperation of the community, school, administration and the athletes themselves, are definite pluses in the success of South Carroll's sports program. Mr. Baker believes that we're in a sports acclimated area and this certainly makes his job easier. Another contributory factor is the closeness and quality of his coaching staff, of whom he says, "They stick together and support each other's teams to the fullest. To me, this is great."

Team batting leaders were Bobby Poist — .375, Freddy Biggers — .370 and Mike Franklin who hit .349 and drove in 17 runs. The highlight of the season was a come-from-behind 18 to 15 victory over Thomas Johnson.

## Team Results

The 1978-79 Men's Varsity basketball team started out with very little hope of accomplishing much this season. But with a team effort and strong will, it proved to be a competitive opponent in the county and tri-state league play.

The Cavaliers participated in Westminster's Christmas Tournament in which they lost a hard fought battle to Southwestern High of Lexington, the eventual winner of the tournament. However, South Carroll won the consolation game against Westminster. Eric Mercer and Steve Johnson were honored by being selected for the tournament all-star team.

## In Memoriam

**Ray Ira Boone**

If chance should make us lose a favored friend  
And times are not the same without him here,  
Maybe our minds and hearts should turn our thoughts  
To brighter days  
Within our lives and in our memories  
The spirit of our friend will always stay  
And often in the future make us think  
Of yesterday
